<ul style="list-style-type: none"> To use words to describe objects. Attempt to retell a story or experience. To talk freely about their home and community. To listen to others in 1:1 or small groups when the conversation interests them. 	<ul style="list-style-type: none"> Use language of measurement to order events in time. 	<ul style="list-style-type: none"> To share their own interests. To share and take turns to some extent whilst being selfish at times. To seek and delight in new experiences.
<p>Unit of Inquiry</p> 	<p>Arabic</p> 	<p>Physical Development (PE)</p> 
<ul style="list-style-type: none"> To begin to develop new vocab related to the unit Enjoy talking about present and recent experiences relating to the unit. 	<ul style="list-style-type: none"> Arabic letter (س) Islamic رشوكلال روس 	<ul style="list-style-type: none"> Consolidating Spatial Awareness and Ball Skills ADVENTURE Games - Team/Group games; "Scavenger Hunt" focusing on Direction.
<p>Parent Notes: Our new unit will be based on day and night. Please introduce this to your child by discussing day and night routines, for example brushing teeth. You can also discuss the moon, stars and sun and explain when they come out. To help encourage discussion we will have an interest table to place Day and Night objects (books about night and day, a toothbrush etc), if your child has anything to contribute then they can bring it into school.</p>
